INTRODUCING

Lavasalt Artisanal Smoked Salts

Small batches. Real wood smoke.
Victorian sea salt flakes. Every tin is hand-blended to bring real depth to the table — meal after meal.

- Elevates everything from a weeknight dinner to a chef's tasting menu.
- A secret weapon that even finds its way into a well-made cocktail.
- Made for cooks who want a little more curiosity on the plate.

This is Lavasalt — one perfectly seasoned plate at a time.

Salt is the oldest story in the kitchen — the quiet force that wakes every flavour, deepens every note, and turns a good dish into something you'll never forget. Not just seasoning — the soul of the meal.
